Everything ‘StarID’
What is a StarID Account?

A StarID account lets you register for open public courses at any college and university within the Minnesota State system. Going forward, your StarID will be used to register for classes, check your grades, pay bills and many more features throughout your lifecycle as a Minnesota State student.
The Minn State Star ID ‘Create Account’ system is the process by which new Minn State eServices accounts are created.
Where a student has not signed into eServices, the Minn State ‘Create Account’ can be reached from (or through):

- The Registration Course Search page or
- The eServices Login page.

After clicking on ‘Submit’ on the ‘Residency’ page a pre-activated StarID will be generated and a confirmation page will be displayed.

Going forward, a student can click on ‘My Profile’ from the eServices Dashboard page to update account data.
Maintain Your StarID Off Your College’s D2L Brightspace
What is a StarID?

The StarID is a username that replaces many login IDs with one ID, one password, everywhere.

You only need one StarID; you can use the same StarID across Minnesota State to log into many services like email, D2L Brightspace, and more. Change your password in one place — starid.mnstate.edu — and it changes everywhere.

For more information, see StarID Help and FAQ.
